SPECIAL SKILLS

I can pick up most accents immediately and I do some impressions.

I can move my eyes independently, wiggle my ears and grow a beard in a week.

As a 300 lb man, I can eat. A lot.

I've played football, basketball, hockey, soccer, baseball, lacrosse and I was second in the state of NH in breaststroke when I was in junior high.

Does almost an Eagle Scout count?

I've done stand-up before, which means I'm a good bartender.

I've had a lot of poker experience. Not necessarily professional, but I've paid my rent playing poker a few times. (If you put that plus the bartending together, it means I can drink a lot and still do math)
